

Purpose & Goals

The purpose of the F.C. Willamette Junior Academy is to provide talented and promising soccer players between the ages of 7 and 11 with an age-appropriate training program designed to foster "fast-track" development and improvement.

For promising young players to have every chance of reaching their highest potential they must:

- 1: Develop individual focus, commitment, motivation and talent.
- 2: Have consistent access to qualified, experienced, and expert coaching.
- 3: Have the ability to learn from, train with and play against (as often as possible) players of similar talent and promise.

Learning to play skillful soccer is no different to developing an expertise in other activities — *it takes time, patience, quality instruction, and a desire and commitment to reach the highest standards of performance.*

JA Activities

Academy Training

FCW's JA training sessions programs are separated into Curriculum Levels. At each session participants follow a sequential and progressive series of themes and topics to aid quick development (for a listing of themes/topics for each level please visit our web site). Participants are tested each week on covered themes/topics and at the end of the season must have reached a minimum standard in order to register for the next curriculum level. Participants not reaching the minimum standard may participate in a review of the previous level during the following session.

Fall & Spring League Play

Teams will be formed to allow our members to participate in 8 vs.8 League play during the Fall (September/October) and Spring (March-April) seasons. Teams formed for league play will attend one academy training session per week and (if participating in Fall or Spring league) one team session with their team's volunteer coach.

Summer Tournament Play

Junior Academy members are invited to participate in several in-state summer tournaments scheduled throughout the summer. Tournaments will be coached by FCW JA Staff and team volunteer coaches.

Winter Indoor League

Where demand warrants JA teams will be formed to participate in winter indoor leagues.

Inter-Club Game Days

On occasions throughout the year our JA members will be invited to participate in games against other Oregon clubs which conduct Academy or Developmental programs.

FCW Tournament Days

All FCW Junior Academy members will be invited to participate in the FCW tournament Days which are a one-day indoor tournament held on one or two school vacation days per year.

General Information

Eligibility

FCW Junior Academy is open to boys and girls ages 8 to 11. There are no tryouts and anyone who has played soccer and would like to develop their abilities more fully is encouraged to join.

Location

With adequate numbers, separate training sessions and league games will be held in both Corvallis and Eugene.

What makes F.C. Willamette the right program for talented soccer players?

Focus on Individual Development

Our main focus is not on team performance but on developing the abilities of individual team members to give them a firm grasp of the technical and small-group tactical demands of the game.

Quality Experienced Coaching

To encourage correct and continued development for players who have shown talent, promise, and commitment at a young age access to experienced coaching is crucial. FCW is committed to providing the best possible coaching available.

Sequential, Progressive Training Curriculum

To take full advantage of learning capabilities training needs to be logically sequential, coordinated, progressive, and fun. Our curriculum allows participants to learn quickly, but at a steady and focused pace. The teaching of the various aspects of the game are presented in such a way that the learning of one aspect follows naturally, providing a solid foundation for the learning of the next aspect.

Fun League and Tournament Competition

While playing games against peers is important for continued development and interest in the game our main focus in League and tournament play is to encourage the use of techniques and tactics learned in Academy training sessions.

Establishing High Expectations & Standards

Our expectations and standards with regard to behavior, training, development etc. are high and individually—rather than team—based.

Visit An Academy Session

We encourage prospective members to visit with our coaches or participate in an academy training session at any time they wish. Please call our office to arrange a visit or for our current schedule of activities.
